Dear Parents/Carers

Sharks Class Homework Project

*This term our topic is history based and we are learning about **The Vikings**. To support and consolidate the children's learning, we would like them to complete a homework project. The project consists of a range of practical and written activities that they can complete throughout the term.*

On the back of this letter is a list of suggested activities from which the children can choose. Their completed tasks should total a minimum of 30 points. If the children come up with any of their own creative ways to present their home learning, we welcome and encourage them to do so. When they come to us with their ideas, we can negotiate the points earned!

On Tuesday 29th November, we would like the children to bring in their completed projects to share with their class.

We would also love to showcase and celebrate any projects that have been completed in time for our open afternoon, on Tuesday 18th October, so do bring them in for that!

If you have any questions please do not hesitate to contact us. We look forward to seeing some of the children's creations!
