Dear Parents/Carers,

21.9.2016

<u>Seahorses Creative Curriculum Homework Project.</u>

This term our topic will be history based and we will be looking at the changes that took place during the Stone Age to the Iron Age. To support and consolidate the children's learning, they will be required to complete a homework project. This project consists of a range of both practical and written tasks.

I have attached a list of activities which the children can choose from. Their completed tasks must total to a minimum of 30 points and one of their tasks needs to be writing based (these are in red). The children are to being in their completed project on 29th November. We will be holding a presentation of the children's completed projects after this date, a letter will be sent out nearer the time.

We would also love to show any projects that have been completed in time for our open afternoon on Tuesday 18th October.

Have fun carrying out the tasks; I look forward to seeing the completed projects.

If you have any questions please come and talk to me.

Yours Sincerely

Dawn Hoey

Seahorses Creative Curriculum Homework Project.

5 points	10 points	20 points
Invent an outfit or a cave man/woman thinking about the materials that would have been available.	Crate a comic strip of a typical day in the Stone Age.	Create a 'How to Survive in the Stone Age' leaflet.
Produce a table to compare our lives with the life of a person from the Stone Age.	Use cave art pictures to tell your own Stone Age Story.	Design and make a Stone Age themed board game.
Draw or paint a picture of yourself as a cave man/woman.	Stone Age cooking- produce a dish using ingredients that would have been available e.g. stewed fruit.	Make a model of a prehistoric dwelling e.g. cave or a roundhouse.
Write 10 facts about Stonehenge.	Write a diary entry- a day in the life of a cave man/woman.	Create a fact file about the Stone Age.
Draw and write a description of some of the tools that were used in the Stone Age.	Find out about and write a paragraph about the tools that were used in the Stone Age.	Make your own Stonehenge model.
